Doors - *Hello, I Love You*

Her arms are wicked
And her legs are long
When she moves
My mind sings out this song

All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.

The Piano Guys - Beethoven's 5 Secrets

I have to admit, it's really not all that bad for a rewrite for the famous piece.

My previous flag was also IC, but my nation's been taken over by the Conservative Party so things changed. I like the previous flag more as well. I just need to take drastic measures to rebuild my economy.

John Lennon - Mother
