Seems to be a very imperial type design to me. I really like it either way.

A civilization with an over 3,000 year history of lizard people killing each other and enslaving everyone else. Now they've finally calmed down and formed a modern westernized constitutional monarchy. (long live Emperor Yoshio!)

Note: Any factbook entries over a year old are severely out of date and may be subject to extreme revision and retconning soon. If you have questions on anything about Ru, please feel free to ask.
