The Immortal Pristine Revolutionary State of Ukraine

SUMMARY: An autocratic technocratic "utopia" with the best architecture and environment in the world, paid by the freedom of citizens.

What do we have to offer? A magnificent timeless architecture, weather-altering BS machines, a pristine environment, a strong military, and a death toll of 10 million from our concentration camps and bloody wars.

FOR EVERY BAD REPLY, A POLITICAL OPPONENT WILL BE SENT TO CHERNOBYL. 13 sent (don't get offended if you get chernobyl'd 'tis just a joke)

In turns out though, that this man did not intend to throw the shoes at Stanton, only to take them off because his plantar fasciitis was flaring up again.

and is centered around the belief that the sky is home to a sacred mother-deity and that the winds and clouds are her children and messengers. Differently-shaped clouds are viewed as bearers of signs and are anthropomorphized as figures of good or ill omen, bringers of rain or of drought, of storm and cursing winds or of sun and blessing winds. The winds likewise are viewed as the Sky-Mother's agents on Earth, who carry out her tasks, who blow the rain from place to place as she demands, who carry up souls or scatter their essence in their gusts, and who light the stars, moon, and sun in the highest heavens each morning and evening.

Nice mythology
