Okay man like I support moral abolitionism but this isn't morally wrong, this is just not using your sense of rationalism. In what universe is this a logical solution to a problem?

This was actually on my GP Bingo card for this year

I didn't realise we were issued with such

Daughter nation of [The Unified Provinces of Rhanukhan](#), originally created during
the course of roleplay events back in 2008 (a "live" summarised replay [is](#)
[currently unfolding here](#)). The accounts relating to it in Rhanukhan's own
factbooks are deliberately vague as the people of Rhanukhan are unaware of
many details regarding the island. As such I've established it as a separate
nation in order to provide greater insight through its own factbooks.
