Intriguing, there's a mix of things in there - some parts sound like a vintage horror film soundtrack, some parts demonstrably more current. It has a certain eerie discomfort to it initially before the halfway sudden shift to something much more pounding and heavy. I wondered if there was going to be one last surprise towards the end, but no - just the fadeout

Excessive Bumping: Bumping is adding a meaningless (\*bump\*) post to a thread to push it back to the top of the list. Bump rates vary between forums, but as a rule, once every 24 hours is the maximum outside General or II where it may be acceptable to bump any thread that has fallen past the first two pages. If the bulk of your posts, or posts in the thread are bumps, you should take it to mean that there is not enough in your topic, and let it end.

Can't actually quote [Violet]'s post but that's the copy+paste from the gravedigging section of the OSRS.
