The Kaiser in their timeline is Fredrick (which is quite a nice turn of events. I don't really see that many German nations having Fredrick as ruler for a long period of time), who has had 6 chancellors serve under him. From Bismarck (who retired the same time as our timeline) to Wastrecht-Orenblau, who is the current chancellor of the North German realm.

Earlier eons of their history induced rampant, medieval looting; a past which is now sort of revered through modern legends.

One of its colonial founders, having having ventured out from the Kingdom of Vkania in search of new lands, was exiled following a leadership dispute and then founded *another* new place, an independent nation known as the Republic of Jugone. It was later subsumed into the then-independent Federation of New Wolver-Veronika, putting the lands of both founders back under one leadership (which was, obviously, neither of them, since they were presumably

both dead by now and the Federation had become independent from its original colonial master).

First of all I have learnt that the AN is the most multicultural country ever and probably wouldn't work in real life.
Although The Soviet Union had many languages and cultures in it, I don't believe it's going to work as there doesn't seem to be the one "official" language.

Yes, you can keep telling that there are many countries that have many official languages, but the AN country is too big.

The history of the AN is pretty much the history of The Soviet Union, which I already know about.

I learnt that the current nation is in the year 2061, but for whatever reason posts news in 2018 (on their Wix site 🇧🇪🇩🇪🇩🇪)

I learnt that they have many parties (which is impossible for such socialist country) and I don't think the AN's country would work in real life at all.

To sum it up, I think I have learned that the AN is a lunatic.

I learnt that they have many parties (which is impossible for such socialist country) and I don't think the AN's country would work in real life at all. (Me: The parties other than the state parties only exist in within society, and the only way for someone from a different party to get into the government is by joining the Democratic Party)

To sum it up, I think I have learned that the AN is a lunatic. (Me: That's not very nice 🤔)

Also, not my fault about the 2018 thing, Wix won't allow me to put it at 2061 actually current year is 2062, but I'm redoing the News, so it's 2061 for now. //skip//
