Karnivool-We Are

Still one of my favorite Karnivool songs ever, and one of my favorite progressive rock/metal songs ever.

I still haven't really listened to them....

It's kind of weird. I remember liking them back in the day, with whatever album it was my dad was listening to and had. This was before I was really into metal and back when I would listen to metal and be like "This is too noisy!", and go back to my mellow music....

I didn't even like Dub Trio's upbeat metal stuff and they are instrumental metal and not really that upbeat....Yeah, I've changed. Now I just like all types of music.

[Labradford-Sliding Glass](#)

Yeah, I find myself listening to whatever I feel like listening to, anymore.

That's how I've become. I can't box myself in with genre preferences since it seems to change daily or weekly.

Having an open mind can definitely have its downsides, too.

Karnivool-All I Know

Being lazy.

Edit: Considering I said "Being lazy" instead of "I am being lazy", I think the answer is, yes, I am being lazy.

One word in response to that:

Homeopathy. ☐

I'm reasonably certain the name is intended to mean Surface-to-Air-Missile.

Agent Fresco-Paused

Some more progressive rock that is among my favorites.

I find it interesting that a big chunk of bands I would consider to be favorites fall under progressive rock/progressive metal. Karnivool, Agent Fresco, Rishloo, and Porcupine Tree, all favorites.

For some reason I was thinking aggrotech would be some form of metal...

Not bad.

Aggrotech is electro-industrial.

Apparet-Black Water

I should go through one of these bands instead of posting random songs.

I choose my songs from Youtube's suggestions. I must be one of the few who openly enjoys Google's information profiling.
