this nation is inactive. also a lot of my old non-nspb forum posts are cringe.

It doesn't matter your gender, race, or sexual orientation, people are people. We are all people and should all accept each other.

Usually, my nation's choices **do not** resemble my political views.

A cross between anime-ism (worshipping of anime) and animism.

When Twolegs went to war and destroyed almost everything, the Clans scattered. Many moons later, the ancestors of the original WindClan were told by StarClan to come together and start a new WindClan. They were able to rebuild society along with the Twolegs, and became known as New WindClan.

I use most NS stats The only things that are specifically different is the lifespan (considering that cats live way shorter lives than Twolegs) and the nation classification (which currently is Corrupt Dictatorship; take from it what you will, but I would classify it more as a benevolent dictatorship)

OOO: I'm just a human who likes the Warriors series and is interested in Cold War history. Politically I think I'm some sort of left liberal centrist, but I don't want to label myself in case I'm wrong.
