Because Corrian is a sad panda today.

I actually don't think that's far off....Having kind of a bad day. Been having bad days for a while now but yeah. Not helped by the fact my minds going through one of its annoying cycles of pestering me with nonsense, and having conflicting thoughts again about stuff my minds already discussed to me many times before....

Gothic is naturally a genre with beautiful lyrics.

We all have bad days. On my worst days I sometimes go most of the day without music because I can't be motivated to do it, which is strange because I'll feel better if I do listen to music.

I like the title of this song.

You would think I would be wanting to listen to music more today. Usually when I'm down I want to listen to downer music....and when I'm happy I typically do the same

That's a pretty good song for CoF. I haven't been in a metal mood for a while, though.

From the last song I linked:

*That requiem of sorrow
The requiem surging with its darkness
"Play it forever, please"*

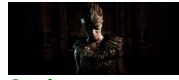

I don't know what it is about Vocaloid that is so entrancing. I just can't get enough.

If it relates to my character though, that shows how lovely I treat them

Mine seem to kind of vary. If that was too much of the case I wouldn't of been posting as much as I did most of the time recently.

A few examples of lyrics I used for that character I mentioned, the same one with the Bottomless Pit of Pain thing (or now that I checked it, it SHOULD of been on there but never actually was):
I sometimes wish I'd stayed inside my mother, never to come out~Daughter

The sadness was overwhelming to be alone beneath it~Woods of Ypres

Heal me from all this sorrow~INXS

I could feel myself growing colder~Mazzy Star

In other words she is depressed. A lot of these fit for my character that is majorly depressed, too. This person is screwed up in more ways than just depression.

And yes, I put lyrics that fit for my RP characters down somewhere....You can tell a lot about my characters just from the lyrics I used.

The Disappearance of Hatsune Miku

<http://www.youtube.com/watch?feature=pl...ywg#at=204>

"Aim For Success, Not Perfection"

We offer peace and pavlovas, oh and lamingtons too!

Aiyota was a nation that once went through an industrial boom, followed by a great depression (coupled with an isolation, it was even worse than a normal depression). A war pursued and neither side one. It is now going through an Economic Boom with vertical farming, the mass production of food and a large manufacturing center located in the Azdrai Isivalzi (Economic crescent).

The nation is based on scandinavian socio-capitalism mixed with swiss neutrality. The country has a Japan-like influence on universalis (home planet)
