Title: No way out
Artist: Vicetone
Genre: House

*The storm is coming now
I'm the place to hide
I think you're drowning now
Running for your life
We can slip away
Into goodtime
Follow me, follow me
When there is no way out*

Agrimonia - *The Battle Fought*

I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.
