Symphony X - *"Reign in Madness"*

I need to get more into this band. So far their style has been something I have enjoyed, but I just need to find the time to listening to them.

everyone knows that quote, "I know not what weapons World War Three will be fought, but World War Four will be fought with sticks and stones," but in a way it's optimistic and inspiring because it suggests that even after destroying civilization and returning to the stone age we'll still be sufficiently globalized and bellicose to have another world war right then and there

Alpha Rats Nest by The Mountain Goats.

Ah, the lengthening hours in the refinery, belching fire into the sky...  
We do our best vampire routines as we suck the dying hours dry.  
The night is lovely as a rose...  
If I see sunlight hit you, I am sure that we'll both decompose.

Ah, the fitful sleep and the fire engines, that I dream of when I dream...  
Some day we'll both wake up for good.  
I will try hard not to scream... the evening wind will shake the blinds.  
You're stirring from your slumber, we've got something hateful on our minds.

Oh, sing, sing, sing, for the dying of the day.  
Sing for the flames that will rip through here, and the smoke that will carry us away.  
Yeah, sing for the damage we've done, and the worse things that we'll do.  
Open your mouth up and sing for me now, and I will sing for you...
