"Scarface (Push It to the Limit)" by Paul Engemann

Probably the best song ever written, even though I'm huge fan of metal music.

Like Herod, Mogwai.

Probably the best song ever written.

we, unlike the bourgeoisie, have nothing to lose and therefore our expression will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.

This Will Destroy You-Burial On The Presidio Banks.

This is probably the best song ever written.

No, not really, just felt I had to join in. At this point I really don't know what are my favorite songs ever. I would say that this is definitely up there as one of my all-time favorite Post-Rock songs.
