Not sure whether to revive the Fallout puppet or go for Ixar's FT puppet v.5

It's your choice 😊. I trust that you'll make the best decision.

A story between the man at it's helm, fascist horror, his militant libertarian yet questionably sane brother, a priest who advocates Orthodox Israelism, and a Galician socialist, all under the mercy of the Gods, all determined to fulfill one simple goal: Supremacy over one.

That is...an epic crossover ngl. Time to delve into your factbooks!

Edit: Hasn't been developed yet, but I would love to see this! Galicia isn't really mentioned enough in lore and this seems quite interesting.
