Ulver-Tomorrow Never Knows

I think this is my favorite by them. Like it more than Blood inside.
Probably would rate it an 8.5, if not higher.

...can't finish this album, I don't have the patience to listen to it again. I'll give it a 7/10 and be done with it.

Well, because they teamed up with Kendrick Lamar. ☐

Don't really have an opinion on them overall yet, the only song I know from them is Radioactive.

But yeah, that performance was amazing...kind of wished I watched the Grammys just so I could see it on my TV. But I guess I can pull it up on Youtube through my PS3.

[Kendrick Lamar ft. 50 Cent & Nas - True](#)

EDIT: Damn, thought they really recorded a song together...somebody just did a mix. ☐
