Have a nice Day

Who are you to tell me what to do

In a world where the Spartacists won in 1919 and Trotsky achieved his world revolution, Russia's minority dumping ground in the Far East is undergoing an internal revolution. Led by a sly artist-premier and his technocratic posse, surrounded by a salacious secretive Civil Servants' society, factionalist scheming, and (literal) backstabbing.

NSStats Killed for Aurora Australis to be Seen in the Northern Hemisphere

Always entertaining to see new and innovative ideas to kill of NS stats

The Athenian Sea League is set in a low fantasy world where all the legends and myths from greek mythology are true. And in it's current form the Sea League is a collection of city-states, oligarchies and petty kingdoms led by a triumvirate of it's three most prominent member states: mighty Athens led and represented by it's Archon Eponymos Pericles, "Father of democracy", brave Macedon led by Perdiccas III "the Wise" and represented by a court official by the name Pausanias and fearless Crete which in itself is a union of Cretes two most powerful nations, Pefki and Messara which each having to share one representative, said representative being Podarkes.

NS stats stripped of citizenship and sold into slavery.

I'm not sure that applies outside the US. Or in the US, in this case. Didn't have too many ground attack aircraft back in the late 18th and early 19th centuries.

Moon communists orbiting a cyberpunk dystopia

One question;

Does climate change ruin Earth in that universe?

Ninja'd :1

Red and horni in more than one way; the result of an interdimensional and ideological cargo cult which led to a national liberation revolution from the Kingdom of Hell. And it got accidentally transported to Earth...

Uh oh!
