Saarkon is Central-European-like social democratic federation, formed from small Slavic republics.

Equality! Liberty! Democracy!
Ravniče! Svobode! Demokratja!
Равниче! Свободе! Демократја!

I generally use NSStats. Except population. It's always 286 million. Saarkon is MT. Sorry for spelling mistakes, English is not my 1st language.

Currently this nation is under construction because I abandoned it for a year. Hopefully I will return to RPing soon.

If we were just looking at the politics then it would be yes since politically they seem quite similar to us. But its a no because of their location out in space.

No. Absolutely not. I live in partial hell as it is, but this would be satan's paradise. No thanks.
