I don't know any of these songs, because I'm a young whippersnapper.

YOLO-The Lonely Island (feat. Adam Levine & Kendrick Lamar)

Youth doesn't have anything to do with these songs, other than that most are actually not old at all.

I kinda get the feeling that it is more likely they don't know any of these songs because they are listening to The Lonely Island, but I don't want to sound like I mean anything bad by that. I actually enjoy a couple The Lonely Island songs for their comedic purposes.

Don't judge people by their tastes. But yes, I'm getting the feeling their assuming that because they don't know these songs, it's because they aren't played on contemporary radio or are not viral on youtube, and due to that they assume they're not recent.

If nothing exists, where did this anger come from?

I know. I don't like judging people by their taste. But there are times when my mind throws out that as the first thought, and I can't help it. And that was just how it went with that particular instance.

Though, I'm not so much judging them as a person (I have no idea what they are like, so I can't say anything at all), just that statement you and I responded to.

Interesting. I listen to Turkish music time to time (I'm turkish).
Though, I'm very picky about it.

You're Turkish? Neat.

I don't listen to much Turkish music. About the only Turkish music I know is 60's and 70's Turkish music. I think the 60's and 70's music I grew up on was all Turkish rock music from my dad

Like [this](#), [this](#), and [this](#), all of which I know extremely well, and I forgot how well I knew it until recently. I'm sure there are others if I dig them up.

Do you actually understand it?

I haven't listened to turkish music in a while, but I like Baris Manco, Emre Altug (he's a new artist), and other artists.
