Free Jeililand is a strong, patriotic society of settlers exiled from a failed state that didn't respect the citizen's right to refuse to participate in a chaotic, uncontrolled, and vile society.

That's why the federal police force control everything instead of the government. How orderly and well kept!

I'm feeling particularly daring (and retarded)

**The Abandoned Coca-Cola Headquarters in Atlanta, GA**

After yet another generic zombie apocalypse broke out and overwhelmed the world, a group of Atlanta survivors found salvation and safe-haven in the old headquarters of the **Coca-Cola Company**. From there, they've created a **rudimentary small-scale society**, based on **barter, Coke consumption and firearms**. **Baking in the hot Georgia sun**, and their only respite and refreshment being various flavors of carbonated cola, they've also gone **slightly insane**. **React accordingly.**
