If it's the Prime Minister or the Rangatira then you'll probably get away with a fine at the very worst but probably won't be charged with anything. If it's the Empress then you'll face a hefty jail sentence and potentially the death penalty (though death sentences are, in practice, never handed out any more).

Tampering with the national power grid?

Well, if the person hit by the banana decided to press charges and do all due legal process over it, which is highly unlikely...

If you're a doctor or similar, your license will be revoked, as well as 20-40 years of imprisonment.

If you're just a civilian or former doctor with revoked license, then you'll be facing life imprisonment (50-150 years), as well as 40-50 years of forced labor in a prison colony of your choosing.

Expressing any desire to murder the High King is punished with public humiliation and condemnation. Should they attempt to fulfil their desire, the punishment is death.
