This is a puppet of the nation, Alevuss. I have the same political stance on everything when out of character. In-character, it's a despotate, required to hold elections and certain rights by Alevian constitution since 1999. Also, the colony is called Alevuss Puppet, but is sometimes referred to as Alevian Morocco.

My nation is not like my nation page at all, it contradicts itself, we don't EVER eat kangaroos, that's just very sad. Also vegetarianism is compulsory yet it still says it's the nation's favourite main course and all and stuff.
