**Sorry for the long wait, but my new nation is still a slow work in progress. Completely new map than this one has.**

Things to keep in mind:

- This isn't a single nation, but a whole planet full of many nations. I will usually reference a certain nation when posting.

- The flag being used is just to represent that it is a planet, it is not used at all in the 'canon', as there is no one flag for the planet. Instead I chose to just use an image of the planet.
- I've referenced the prequels 124 times on F7.

I have moved this nation to the [Silver Commonwealth](#), just like Frievoik did with Asmundia, as too many people seemed to confuse the old name with new one.

The coat of arms in the middle of the flag makes sure that this nation is rather conservative and militaristic.

The flag itself is a tricolour and this fact tells us that, like most conservative nations, this one wants to state that it is the beacon of liberty.

Not sure what three stars mean, but, maybe it's federalism?

1. Flag is based off Philippines and Spain.
2. By banners, we don't mean flags.
