Alcest-Autre Temps

Pretty sure this is when he starts heading in a boring, more post-rock oriented direction, so I expect to flip through this quickly.

It sounds nice, but...All post-rock does. Doesn't make it good.

Method Man & Redman – Cheka

Of course, after I say this albums is awesome so far, it takes a dip downwards...

Still good though, and it's picking up again with this song.

Alcest-Beings of Light

Skipped through most of it, but wanna give this song another listen. Not amazing but the floaty peaceful metal feel of it is kinda nice. Rest were mostly boring, honestly.

Bumped up St. Vincent's albums to 8's, except the newest. Also putting them on my wishlist.

I think Strange Mercy might still be her best, though, and honestly, I think I might put that one on my list of favorite pop albums now.

Alcest-Tir Nan Og

This song one more time before moving on.

Method Man & Redman – How High (Remix)

9/10. It's a freaking awesome album; that's all I have to say about it.
