L-look at me. Look at me. We are PIRATES, not NS raiders. I want you to understand that we do not raid REGIONS, but do IC raids (not IC threads), and we do NOT invade regions | Technically a fleet, but only a couple of starships in it | Might not make another nation until this and EnthArth are good on lore | Lore amount for this is currently null | Please let me not forget this one like I did with the many others I forgot | Might go into detail of ship design dispatch role, but not fully decided. | No news from this nation, though
