Huh, I only know it as called "United States Of Eurasia", without all that other stuff.

Try "Tonight, Tonight, Tonight" first. Pretty simple, but nice.

Also, I went through Irepress' music, but for some reason don't remember it well. I need to re-listen to them.

Same song as before.

Not sure why all of their songs over 10 minutes or close to 10 minutes aren't on Spotify. It almost seems like a Spotify issue, because I've seen that multiple times now. All Sigur Ros songs over 10 minutes had the same issue, but that changed I believe. It just seems weird to me for the band to want to take off only their songs over 10 minutes, but who knows.

Never thought they were fantastic or anything, but enjoyable nonetheless.
