6551 decided to join the second extra-universal war/world war 9 for Beta-7 or just a war that involves more than one universe. It was killed by a void-to-ground satelite cannon.

FTFY

Monkey 6547 (adjusted to restore the count) *really* wanted to find out what a silica packet tasted like.

Monkey 6545 suddenly lost every proton in every atom in their body.

People tend to assume that Entrance of the Gladiators by Julius Fučík is what that ever so famous circus clown theme is. And in a way, it is. Nobody would ever argue with you on this fact.

However, if you want to be an unlikable, pedantic jerk, the song actually known to be circus music would be a version composed for American woodwind bands (and later transcribed for fairground organs) titled Thunder and Blazes, published by Louis-Philippe Laurendeau.

Of course, this information is of absolutely no consequence to anyone.

6533 successfully went to Area 51 (Injuring 6532 and 6531, two guards), looking for SCP-524 to peel a banana, but accidentally teleported to the Moss Blanket and promptly got yeeted and eaten by a Tarr. Everyone involved got taxed for that.

Monkey 6532 recovered from his injuries, married and had seven children, lived to the ripe old age of 93 and died peacefully in his sleep.

Monkey 6531 died in surgery due to an allergic reaction to the anaesthetic.

Monkey 6530 slipped on a banana peel and broke his neck.

Monkey 6529 died laughing at Monkey 6530.

Monkey 6530 was resurrected only to be shot to death in a panic. Monkey 6529 didn't literally die laughing. Their mood kinda got killed though when folks started killing off multiple monkeys in one post.
