-Factbook of Huaren Gongsi state

why do you think this is out of context? you can look at several countries like India and Indonesia and as much as how proud they're for their democracy their government is filled with the dumbest people you could imagine.

the 5th president of Indonesia once said that in times of a cooking oil price crisis, you need to buy a whole goddamn air fryer. And the indian prime minister? he is a bigot and people voted for him... /skipme
