Something that might affect his rule greatly. That is about as much as I shall command him, for his failures have resulted in much death and failing. Along with this he leads a society that seems to go against advancement and technology, a quite idiotic thing indeed" -Matthieu XV

Welcome to The Alpes a Septentrionali Imperium, a nation where I brutalize and adapt Latin and French History to my needs to get my Ultraroyalist Absolutist French Monarchy with a vaguely French-sounding fictional royal family to work.

Don't ask about the flag, it has something to do with RMB RP that I'm involved with.

Achaedus is really the only one who has a description at the moment, and is largely the only one who speaks in this thread, if that helps.

Windigo's Diary

### Opinion on the Alfonso

*Holy crap - after reading through this guy's bio, he definitely is a c\*nt. Perhaps better than his father, but that is not really a high bar to beat. First, he is a "modern francoist" - does he know, that francoism was literally fascism? I wouldn't be surprised, if he would also be gay just like some other "emperors" similar to him in this place. See, I might be against discrimination of minorities, but if you are cozy with your fascist, reactionary, and other scum buddies, you deserve to drown in your own blood just as much as they.*

*Moving on to his implemented policies - his language ban policies are not only repugnant, but also stupid - why waste time trying to ban the usage of language? It will get those, who would otherwise be indecisive, to be your enemies, and ultimately fight back. Also, he dissolved autonomy for Basques, and Catalonia, but kept it for Navarre - the first two deserved it way more than Navarre ever would, but in the end you still decided to stomp over them. Also, making priests investigators of political and ideological pasts? Doesn't he recognize the danger of putting too much power in hands of clerics? Ohh, I remembered - he is a francoist, of course. He makes himself to be just as much of an idiot as that Antarctic guy, just in a*

different way.

Let's finish it up with his medical and criminal policy - there are surprisingly less things I could complain about when dealing with criminals, although some bits reek too much of totalitarianism. His media policy, however, is once again an absolute cancer - letting Church have its own outlets, and basically banning all of the left wing's media? Yeah, this is peak right-wingerism. Also a proof, why we should ban fascists from discourse as fast as possible, as they wouldn't give their opponents the same amount of leniency the liberals gave...

Overall, he still is another jelly-spined king in the end. The anti-fascist partisans of WW2 had more courage in their finger than in this man's entire body.

"Hmm... should I agree with this partisan fighter on his stance towards that sod, I would find myself on bad grounds with my traditional political and military allies. I'd personally agree. However, his acts of partisanship does stain his character; not everyone will be up in arms for his cause, neither the 'Party' he struggles against daily. He'll be very short on guns and manpower and resources, vital for continuing his futile conflict within the Commonwealth and its present regime. When it comes to providing Lend-Lease, all of those guns and tanks and everything so good for sustaining a nation's armies, I'll gladly provide it to anyone, except Wendigo and his rabble and that so-called 'Party'."

But clearly he is a very negotiable man, and not entirely a threat, since my 'Luddite globalism', as he'd call it, works on an interstellar scale that he could not possibly compete with. And... wait... regulated reproduction? Does he want his people to die off, or go through mountains of paperwork simply because they did what was natural to them!? Arming your people, despite oppressing them clearly!? I can't tell if this bipedal puppy is simply a half-brained moron or if he's on a deliberate quest to slowly kill of his people! Why not simply change up the tone a little, or learn to love the people around you just a little? Then again, I have seen more than all of you had, and I would give the whole world to you folks, or something of that. How shall I start? Well, I need to say at first, that His Excellency is surprisingly similar to Jerry Fidgeral (Can be seemed in my news dispatch) and this makes me wonder if they are relatives, this idea wouldn't surprise me at all. After that brief fun fact, I must also say that I'm amazed by how a man who has that little information about him can have such a long title; but the most amazing part is that there have been **TWO MORE** *Galerius Illustris Augustus Severus Lupus Cornibus Maximinius Julianus Magnus Purpuru Celsus Lucius Attius Mancinus* already, as he is the third. Why? Just why? Holy Jesus!

AN:

Oh, it's, yeah it is you again. I could just post that I don't like you as you previously did to me without really knowing me, but I want to create a proper answer.

As you Nemo are also a monarch, and even you are also a despot and an absolutist, I'm confused on how do you have a bad opinion on me; maybe you have also thought that I'm a communist monarch just by looking at my flag as many other people did but I don't want to think that. Even though we have some similarities, I really don't like your hate to liberty, because there is no reason to outlawing rights that do not hurt anyone, neither there is any reason of totally outlawing political freedom. Nemo is a despot just for the fun of it I think, and that explains a lot of things, like the fact that there is no existant photo of her, there are just some weird drawings probably created by her and made famous just because of that.

"Oh yeah, well, your mother.... We got em boys.

Now that we have the petty schoolyard insults out of the way, this soul is claimed to be pure yet your family carried you up to where you stand. Dont shun those that fight for your cause as it only will create conflict. Like going to your mother when your father says no, you leave the fighters in favor of a rather peace loving status. I know it's a good view for the people but it's kinda shaming those that risk their lives so your nation can be where it is."-Oni

Yes our leader has a long title. *No*, that is not a self-appointed title, nor by choice. It is of political significance; excluding even *one* part of the title could lead to revolts.

It seems to be a typo from the lore forgers, they tend to get lost in their craft,

working till their fingers go numb, perhaps the one who did such was exhausted as many are. Its a shame to see ones thoughts keep them from such a trivial task as sleep.

But it was meant to say "Remodeling new housing, as in making old structures as if they were new. But there was alot of building towards new housing in general, perhaps it could be worded in a different manner rather than what it was.

Regardless, thank you for your keen eye. If you would like to discuss anything further, perhaps I'll take you up on your offer."-Oni

"I am afraid that is not the case, my dead King of Corpses, it clearly states that your policy is to remodel buildings which have only existed for 50 years.

Those buildings are so new, they might have been erected yesterday."

"Ah, a big name for a big man eh? I mean... I was referring to your importance in your nation. Alright, unintentional rudeness aside, the man appears to be a hedonistic man with more of a regard for his petty politics rather than his nation. Such is the case with any person who rules an insignificant footnote in history. I don't doubt the man's abilities to rule, but to rule a truly great nation you need to handle its responsibility. What does it tell me when your too lazy to get your own grapes? Hm? Either you're the Caligula of your time or your nation is such an insignificant force you find it unnecessary to lead it to victory! I can only hope that God helps this man find the path to enlightenment he has shown me and so many others. Hey! That reminds me of the time..."
