Theory of a Deadman- *Hate My Life*

This is an awesome song to listen to if you are on your way to a job you hate or are just plain upset at the world. Unless you are a One Direction fan *shudders* then you might not think so.

That hurt, man. Granted they do have some pretty terrible songs that make you forget they actually have great songs, but they have a few great songs.

But right now, I am listening to a favorite of mine: Weezer- *Buddy Holly*

Hey, you were bashing One Directioners:) I'm just being honest.

The only song of theirs I really know is Bitch Came Back, so maybe that isn't a great reference...

I don't really like Weezer, either, though.

Yeah, but One Directioners deserve it though.The day I look on instagam and find a post about thousands of girls freaking out about Harry Stiles' penis being 8 inches is the day I threw my hands up in the air and said "We are screwed! THAT is our future..." There is a HUGE difference between rock groups and boy bands.

That is not one of that band's best songs, even I did not like it. But bashing Weezer...

Anyway, I am listening to Five Finger Death Punch- *Lift Me Up*

Oh god, really? Yeah, people are obsessive. I have a friend that is

even rather obsessive and she isn't THAT bad.

And I think we just have different tastes, because I don't like Five Finger Death Punch, either.

Obsessive fans... those are the 12-15 year old girl group that cling on to a boy band or JB because he looks cute and has no real talent. I still wonder how people can still like JB after the story broke that JB had his bodyguard carry him up the Great Wall of China.

Trying to convert you to rock is like having Billy Graham trying to convert an atheist.

That story is fake.

Edit: Huh, maybe not. I thought I heard it was.

Fake? ... wow uh... this is awkward...

You like hundreds? You must listen to some of the lesser known ones, maybe local ones?

Well, now I switched to listening to some Bob Seger-*Night Moves*

I thought I heard it was...but CNN posted about it, so I'm not sure. Yeah, I think CNN is a crappy mainstream news source just like the rest, but I would hope to at least trust them with something like that.

Hopefully.

And the bands are local, foreign, whatever. I shouldn't say 100's but a lot.

CNN is just a bore to watch. Local news anchors do a better job of hooking a watcher than CNN.

You have local rock bands... I live in a polish community in my city,

polka is the mainstream here.... it's pure hell...

I live near Seattle. So that immediately adds Alice in Chains, Pearl Jam, Soundgarden, Nirvana, and so on.

Though I don't listen to any of those much.

Listening to multiple albums, actually. Just doing my routine going through bands. I only knew one Eyvind Kang album really well, though I definitely know this one and various songs from others.

And oh god, what the hell did my dad post as a joke?

You have brought evil onto this thread, speaking that accursed name!

Puddle of Mudd- *She Hates Me*

Old song but still awesome. The lead singer looks and sounds almost

like Kurt Cobain.
