End of the Harvest, Neurosis.

Best Neurosis track.

we, unlike the bourgeoisie, have nothing to lose and therefore our expression will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.

^I liked that song, but mostly at the start. Heard it on a Spotify advertisement. Actually, a Spotify advertisement is how I discovered Florence and the Machine in the first place. Occasionally Spotify advertisements are nice, like when it helped my discover Infected Mushroom.
