Billy Joel - The River of Dreams  
From *River of Dreams* (1993)

*In the middle of the night  
I go walking in my sleep  
From the mountains of faith  
To a river so deep  
I must be looking for something  
Something sacred I lost  
But the river is wide  
And it's too hard to cross*

*And even though I know the river is wide  
I walk down every evening and I stand on the shore  
And try to cross to the opposite side  
So I can finally find out what I've been looking for*

It's an opinion. Impossible is not a declaration. It's a dare. Impossible is potential. Impossible is temporary. Impossible is nothing.*

Billy Joel - Famous Last Words  
From *River of Dreams* (1993)

*There's comfort in my coffee cup and apples in the early fall  
They're pulling all the moorings up and gathering at the Legion Hall  
They swept away all the streamers after the Labor Day parade  
Nothing left for a dream now, only one final serenade*

*And these are the last words I have to say  
Before another age goes by  
With all those other songs I'll have to play  
But that's the story of my life*

Billy Joel - Lullabye (Goodnight, My Angel)  
From *River of Dreams* (1993)

*Goodnight, my angel  
Now it's time to dream  
And dream how wonderful your life will be  
Someday your child may cry  
And if you sing this lullabye  
Then in your heart  
There will always be a part of me*

*Someday we'll all be gone  
But lullabyes go on and on  
They never die  
That's how you  
And I  
Will be*

Inhume - *Violent Overkill*

**CVT Temp wrote:**

I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.

Radiohead - Pyramid Song  
From *Amnesiac* (2001)

*I jumped into the river  
Black-eyed angels swam with me  
A moon full of stars and astral cars  
And all the figures I used to see*

*All my lovers were there with me  
All my past and futures  
And we all went to heaven in a little rowboat  
There was nothing to fear and nothing to doubt*

### Spawn of Possession - "No Light Spared"

Technical Death Metal from the album "Incurso" (2012)

### Michael Jackson - HIStory

From *HIStory: Past, Present and Future, Book I* (1995)

*How many people have to cry  
The song of pain and grief across the land  
And how many children have to die  
Before we stand to lend a healing hand  
Everybody sing*

*Every day create your history  
Every path you take you're leaving your legacy  
Every soldier dies in his glory  
Every legend tells of conquest and liberty  
Every day create your history  
Every page you turn you're writing your legacy  
Every hero dreams of chivalry  
Every child should sing together in harmony*

### Red Harvest - *The Itching Scull*

No, I did not spell that wrong. It's the exact title of that apocalyptic industrial metal track from the unique Norwegian band Red Harvest.
