(Gonna do Arms of the Mechanator Tal'Talen this time)

"She has an aggressive stance against rebellions, and can't stand weakness? Ohh, I quite like that already. Either way, she has pretty good defense, judging from the fact that she could withstand even something like a hit from a some sort of light-emitting weapon. Her backstory is even kind of sad, heh - born to a single parent, and the same ditched her in favor of the oligarchy. Although, perhaps not having a mommy to run to was what made her such a good warrior. It seems, that her joining the Paramount was kind

of a pragmatical decision, as she was without a job when he rose up. Her usage of unorthodox and unconventional methods to win the war reminds me a lot of Shortstar, actually. However, the devotion she and Paramount has towards assimilation of flesh beings is somewhat concerning - if they aren't afraid even from the twoleg strength, intelligence, and tools, they probably don't take seriously the other animals either. Overall, I quite wary of her - while her positive traits are more than negatives, the negatives have more weight."

"Pickett is the personification of uncivilisation and a disgusting cyst upon the respectable peoples of the Europhone world. He dresses himself like a flamboyant whore and acts in a manner befitting of a mentally-damaged troglodyte rather than anything resembling a human being. His politics are nothing more than the ramblings of a basement dwelling incel. It is truly sad to see an otherwise respectable nation fall to the whims of a cuckold with an inferiority complex."

*"An another twoleg who is more than 1200 moons old? Phew, you definitely don't look like an one, though. Speaking of your looks... What kind of twoleg even is that? You don't look like any of those muscular forest cutters which regularly disrupt us during Greenleaf, but more like those annoying visitors which keep setting up camps in our forest and scaring off the prey. And what's that thing on your eyes - is your natural eyesight so bad that you need to use a tool to enhance it? *chuckles in amusement*. Anyways, now to his policies - I assume that with "authoritarianism" he means a strong-pawed rule, while with "nationalism" - being proud of the clan. For the rest I would need to know their definitions before I would be able to comment sh*t. He has got a weird name for his clan, though - 4chan, what kind of clan name is that? At least words like "Russia", or "France" roll off my tongue somewhat. He definitely has some guts on treading on the paws of American clan, which is way bigger than whatever this "New England" is, I will give him that."*
