The objectively wrong opinions, stupidity, and/or degeneracy expressed in the previous posts of this special person trying too hard to fit into this place are no longer (if ever) held in the slightest and would be better off burned in righteous flames and doused in holy water, along with this website as a whole.

You think that's bad? That's nothing compared to some of the stuff we play in here.

Nothing wrong with evil sounding music. Some of the best music ever is dark and evil-sounding. But some of the best music is also happy. Lots of us like variety.

I like some dark and happy music both. I was just talking about how the names of the bands and songs sound evil, not the music itself. *Godkiller* and *decide* earlier on the page and now a band whose theme is killing yourself? What is the world coming to?

That's some pretty underground Canadian pagan metal. Surprised to see anyone else know about them honestly, I stumbled on them by chance.

Seether - Fine Again

Nothing? I don't see the problem with any of the names. Those names are tame, anyway.

I know a band called Stolen Babies. I also know a song titled You Fucking People Make Me Sick, and a song with the lyrics "Its so erotic when your make-up runs". Even if their names may be "unpleasant" and the lyrics may be unpleasant, I don't see the problem with any of them.
