Going by NS stats alone no. They're too far behind in technology.

As much as I like the nation, I prefer to be on land rather than out at sea - so no.

No thank you.

There is no divine feminine.

My nations policies are not economic, but a deliberate attempt to kill of the spirits and the sacred forests of the Pagan rebels.

My nation does NOT represent my RL views.

Probably not.

The name of this nation is **Renigold**. I wish I could actually change it in-game.
It **mostly** reflects my political views.
NS stats are **mostly** accurate.

This would be...interesting. I'd rather stick (haha) to my non-candy world, thank you.
(next poster obviously would get an exemption from my own no immigration policy)

This nation DOES use NS statistics, but the interpretation for some of them might be a bit skewed.
