Barely even enforced, but if it is, it's a small fine. If it leads to an accident, however, the jaywalker could be convicted of causing the accident.

Free possession of firearms is an Imperial Right- at worse that'd be a fine and the official who has detected the firearms would help the perp register them.

Was any damage done? If so, the punishments will be adequate to the harm caused. If not, nothing happens. However, the police have the right to stop the vehicle and advise the driver to be more responsible and if the driver is under the influence, he can be imprisoned for up to 2 years.

Life imprisonment if its a commoners door, death if its a nobles door. If the thrower is a commoner, then those punishments apply. If the thrower is a noble, then maybe a fine of \$500?

The average case would be around 35-40 years. If the victim was a child it would be either a life sentence or a death sentence.

Defecating in public?

EDIT: Ninja'd

The crime for embezzlement is usually around ten to twenty years in prison. (NB: Tangatarehua's last Prime Minister was sentenced to ten years in jail for embezzlement.)
