Monkey 3517 found Rosa's Gardevoir fan art pics in a binder. Dropping the binder, 3517 was shocked by this and fell of the balcony where Rosa did her work.

Monkey 3512 was used in a scientific experiment by a group of mad zoologists and ideologues who wanted him to "evolve to Hooman." He died after being force-fed every single food item in Big Smoke's order.

Monkey 3504 was a shipyard worker in the 1940s who developed mesothelioma as a result of asbestos poisoning. All the KnightLine Legal teams in the world and all the compensation he was eligible for weren't enough to save him.
