Constitutional monarchy, parliamentary democracy

Well, you could say anyone was *secretly* anything, but in terms of what he actually did and advocated for, he was basically a social democrat.

AN: Left-Technocracy

authoritarian democracy.

Rapture City

- In the underwater city, two roles have emerged from the City's ongoing civil war: the **City Monitors** who defend the peace and the **Red Caps** who fight against unjust systems. The city's infrastructure is crumbling under its own weight and kinship is snuffed by the paranoia of totalitarianism. Yet the people would be in for a surprise as their virtual overlord have died many years ago as the oppression continues under his name...
- Not an 1-1 exact replica of **Bioshock** lore and **Rapture City**. Only the city's atmosphere and setting is maintained.

A PMT right-leaning liberal democracy in OTL Poland that's somewhat Germanic culturally and under a nominal constitutional monarchy with mecha-cops, quasi-workfare, and a very fast-growing economy with blackjack (and hookers!)
