I find myself listening to this live version of this song from the Heima DVD (which I own) over and over again. I always forget how good they can sound live. I have better things to do damnit! Like listening to music I haven't heard yet.

Corrian wrote:

At first I thought it was about rape. But I think there's more to it than that. I don't know exactly how to put it into words.

And I actually know that song. I hear more songs from the radio then I realize....

I'm actually not against music about violence as long as it isn't exactly supposed to be taken seriously. I mean, one of my favorite bands, Porcupine Tree, has some rather unpleasant lyrics, but last I checked the band isn't exactly trying to promote violence. Sometimes it is just lyrics. Better than only singing about how much you love someone, over and over again, or breakups. I prefer lyrics about other types of things, too.

[Grails-Dead Vine Blues](#)

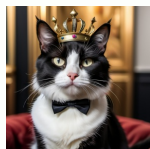

I also listen to a lot of stuff with no lyrics at all, and half the time I don't even know the lyrics of the songs I love, so lyrics aren't that important to me, clearly

I agree with you about lyrics. But it's also interesting to look at popular songs and how little people listen to the content, sometimes only just remembering the chorus and thinking the song is about something else. "Born in the USA" is an obvious example of that; for a long time people assumed it was an epic to how great the US is to be born in, and some probably still do.

[This one](#) is partially about lyrical content and how it reaches an audience.

If a song's content involves violence, it doesn't matter to me as long as I find I have a positive emotional reaction to it in the end. That's vague, but songs are basically pure emotion, especially if they're done well.

[The Stranglers - Five Minutes](#) is about a person who thinks violence is natural and doesn't think he's racist, but he's reacting to a local news story with a knee-jerk "we gotta kill these people" attitude. I think anyway. I had to listen to a bunch of times and read the lyrical transcript to come to that conclusion, and there's a lot I don't understand for such a short song.
