Northwest Narcissistic Democracy

Zweite Republik Deutschland

It is 1938, 20 years after the **Great War** and the German humiliation, and
democracy has persisted in **Germany** in spite of attempts to subvert it from the
secret societies of the far-right **Thule Society** and the reds of the **KPD**.
However, **Berlin** becomes a battleground of poverty, debauchery, and political
extremism as various paramilitary forces fight against each other in the streets.
Yet the development of a secret arcane martial art known as the **Seelenfluss**
and the weaponization of esoteric lethal fencing techniques may change the tip
of German politics forever...

Quote of the day: Americans who say that they hate their government need to live in a cleptocratic shithole Russia is

True. However, there is hope for Russia because despite the fact that their ancestors were subjected to cyclical degradation (collapse of the Russian Empire, USSR, etc.) they are still truer descendants of the original Indo-Aryans than most Americans. Kleptocracy is irrelevant to the psycho-spiritual consciousness that people of Eastern civilizations will feel once the Ātma-jñāna is revealed to them once more. Americans on the other hand have no hope and will live in nihilistic oligarchy forever.
