Noise Annoys, Buzzcocks

we, unlike the bourgeoisie, have nothing to lose and therefore our expression will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.

Twilightning - [Jester Realm](#)

Just discovered this song today, and listened to it about 20 times by now.

I've gotten into a few new metal bands over this Summer, but this song is probably the best one I've heard all Summer.

"American beer is like making love on a row boat... Fucking close to water."
