I have seen them before, but I don't think they are well known yet.

If the sig is right I assume they're somewhat well known?

A socialist republic in the southern parts of a vague North America analogue. It's territory is comprised of the former State of Kato Van and Kingdom of Radaa (Former Kato Vanian influenced state)

NS stats aren't representative of the country exactly, still working stuff out. Will be trying to answer certain forum stuff in accordance to what ruling socialists might pick

They've got more posts than me, and their account is newer, so I can only imagine on F7 particularly they're extremely well known.

Well known on F-7, very distinguishing flag.

Ninja'd

Very well known on F-7, they have a unique and interesting concept and despite being a new nation they have over 20 up votes in their main factbook.

Well very-known in F7 both for their towering lore and perhaps for others the user's political views. Which can either be lovely or horrific depending on which side you swing on the political pendulum.
