### Linkin Park-Blackout.

What am I doing?! Honestly, there are actually a few songs on the A Thousand Sons Linkin Park album I like....and that's a surprise to me because Linkin Park has been one of the bands I've despised the most in my...teens? Though I think it goes back even farther then that....But they got out of their old music (which I honestly thought got kinda, well...awful alike to each other. I used to hear like, 3 or 4 of their songs on the radio and I couldn't tell which one was which when it played), and I actually like some of what they do now.
