I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.

Why haven't I heard that one D:

\*checks their discography\*

Ah, it's from their first EP. Haven't listened to all EPs

Justin Timberlake - Suit & Tie  
From *The 20/20 Experience* (2013)

*And as long as I've got my suit and tie  
I'ma leave it all on the floor tonight  
And you got fixed up to the nines  
Let me show you a few things (show you a few things)  
All pressed up in black and white  
And you're dressed in that dress I like  
Love is swinging in the air tonight  
Let me show you a few things (show you a few things)*

*Let me show you a few things  
Show you a few things, about love  
While we're in the swing of love  
Let me show you a few things  
Show you a few things, about love, hey*

Madonna - Papa Don't Preach  
From *True Blue* (1986)

*Papa I know you're going to be upset  
'Cause I was always your little girl  
But you should know by now  
I'm not a baby*

*You always taught me right from wrong  
I need your help, daddy please be strong  
I may be young at heart  
But I know what I'm saying*

*The one you warned me all about  
The one you said I could do without  
We're in an awful mess, and I don't mean maybe - please*

Madonna - Frozen  
From *Ray of Light* (1998)

*You only see what your eyes want to see  
How can life be what you want it to be  
You're frozen  
When your heart's not open*

*You're so consumed with how much you get  
You waste your time with hate and regret  
You're broken  
When your heart's not open*

*Mmmmmm, if I could melt your heart  
Mmmmmm, we'd never be apart  
Mmmmmm, give yourself to me  
Mmmmmm, you hold the key*

*Now there's no point in placing the blame  
And you should know I suffer the same  
If I lose you  
My heart will be broken*

Elton John - The Last Song  
From *The One* (1992)

*Things we never said come together  
The hidden truth no longer haunting me  
Tonight we touched on things that were never spoken  
That kind of understanding sets me free*

*'Cause I never thought I'd lose, I only thought I'd win  
I never dreamed I'd feel this fire beneath my skin  
I can't believe you love me, I never thought you'd come  
I guess I misjudged love between a father and his son*
