Falls under the fraud statutes. Basically there is a 50 glombit fine for every glombit defrauded, sentenced to and typically 1 to 20 years working as a entry level parking meter reader under pain of an equal amount of time in prison.

A fine, mandatory community service, or a combination of both. The jaywalker can choose which he or she prefers, but the magistrate determines the amount of money for the fine or time for the community service. These would be relatively small for first or second offences, but repeat offenders may face higher penalties.

Typically prison terms (ranging from 1 to 30 years), death penalty is available in rare cases and suspended sentences of 2 to 6 years are available for relatively minor cases, with strong mitigating circumstances.
