Their long struggle against imperialism began in 2023 when people took to the streets, outraged by declining quality of life and fears of climate change among other anxieties.

The Democratic Socialist Republic of Karevka (DSRK) is supposed to be a stand-in Soviet Union, although with major differences like the allowance of private business (But the state is a partial owner) or the fact that they allow LGBT marriage. Kind of alternate history or alternate universe I guess.

The country has worked to suppress nationalism through its public education system due to the amount of different cultures and ethnicities within its borders.

Okay where did that come from? I even checked my overview page and it mentioned nothing like that.

Pacomia was founded as a buffer state between Potac and Neandro. It wasn't supposed to exist for that long and ended functioning as a puppet of the two nations for some time.

Note: Many factbooks are in a constant state of WIP or being considered for entire rework or deletion

Oddly, they choose to use the English-language exonym 'Burma', instead of Myanmar

Evidently, the states of old are no more in this nation, replaced by larger provinces like Aztlan.

The Dark Times were an episode in Panem's history characterized by the death of the (at the time) leader, rebellions, and general instability.

Sometime in 140,000 BC, the Grand Squid is born near the beaches of Colombia, according to Verse 1 Chapter 1 of the Book of Madai. Following this the earliest migrations of squids towards the beaches of South America take place.

Bro..

Anyways,

They are the Roman Empire under the rule of Trajan in 117 A.D. and I presume that he is going to die soon.

AN:

"The National Healthcare Service of Karevka (NHSK) is the state-run healthcare system. It operates hospitals and clinics, trains and employs healthcare workers and distributes pharmaceuticals and vaccinations. The NHSK is funded by taxes."

Good, but I would feel better if your leader didn't look so much like a nazi.

A greenlandic empire somehow has control of tibet, when it *landlocked*. You must have *great* relations with India and China for that to work well.

The core of Arkania is a mysterious archipelago in the Indian Ocean. It was involved in numerous colonial (or often more accurately anti-colonial) wars and generally succeeded. Confusingly Arkania is also multiracial in a way that contradicts the doctrine of Singaporism, that is, it shouldn't be viable at all.

The consensus of East Kekistanis is that Arkania is a fictional imagination by SJ people who want to get their SJ Utopia to work.
