Great potential to have a fully fledged, fleshed out nation ( on politics and military from what I see).

All in all, its not bad though you should try to get this "stupidly WIP" thing out of the way.

No doubt that you can. You just need to put some time and effort in it.

The largest party in Cantelo is the Order Democratia, a centre-right party that focuses primarily on making Cantelo a major economic hub, advocating for EU integration and free-market policies to this end. It faces criticism for serving the interests of the upper class and multinational companies at the expense of the poor and local businesses.

While the Chairperson of the Communist Party rules for life, they can be deposed by the Supreme Soviet if it calls for a referendum and less than 50% of the Soviet supports them, or if they legalise private business, which would result in impeachment.

The national dish of Karevka is a type of meat stew called Desiky, which is nicknamed "workers' stew" for its ubiquity in factory cafeterias. It dates back to 1121 and is traditionally made using beef, carrots, and potatoes, and it can last for years if preserved, which makes it useful for military rations and during famines.

The tyrannical and utterly amoral leader of Khoronzon, Emperor Narcissus VII, is considered by Khoronzonites to be extremely beautiful due to his corpse-y Gothic appearance, which might be a result of him being a demigod. He can also "project tendrils out of his skin and mouth".

Their religion, Bentonism, which comes from teachings of Prophet Bento, was instrumental in the nation's founding by Amos Wayne, who sought to discover a new homeland for Bentonists.
