Europe?

This nation does not **entirely** express my views. But my sig does!
Pro: Capitalism, free market, Republicans, LGBTQ+ rights, religious rights, Separation of Church & State even though I'm Christian.

Against: Too much government regulations, homophobes, islamophobes, the type of liberals I have in my mind, people on all the extreme parts of the political compass, people that assume all Christians are homophobic and transphobic

Somewhere in Europe... Poland or Germany?

First they ignore you. Then they ridicule you. And then they attack you and want to burn you. And then they build monuments to you.
