Finishing up re-listening to this Ulver album, so not posting a bunch right now. And for some reason I really like this Nowhere/catastrophe song, so I keep listening to it. It has a simple song formula sound to it but all of these weird things are thrown in and the cool unique singing makes it quite enjoyable for me. Really dig the two Ulver albums I listened to, Blood Inside and Perdition City. Not sure where

to go from here with them
