O'Appalachia, Baroness.

nice title

we, unlike the bourgeoisie, have nothing to lose and therefore our expression will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.

That movie was awesomely weird. I love awesomely weird, artistic films, that sadly don't get much recognition these days. You might like [Ink](#), because it's got the same artistic feel going for it. I think *MirrorMask* may of been better acted, though.

Good song. Great for that game.

I sometimes feel like I'm the only person who never liked that song.

portal lost a lot of its charm for me when people started spewing one liners ripped from it. kinda like monty python.

it also wasn't really all that interesting a game. fun for a few hours but it got dull after a bit. thankfully it was appropriately short.

the humour was forced, awkward and just bad in the sequel though.

I've seen that before. I also made my brother into a big OFWGKTA fan, even though I'm not that into them.

And now I'm listening to that.
