5/10 Could be a fascist Ukraine flag but doesn't look overly sinister.

**What if Eastern Rome survived?**

**Basic Overview:** Basically an althist where Basil II actually has decent successors who build on his achievements, resulting in a STRONK ERE that beats back the Sejuks and eventually does it's own reconquesta in the Middle East. Also, The Crusades never happened, the Viking conquest of Britain succeeded, and the HRE became a centralized state and destroyed the Normans.
