On May 7, 1999, during the NATO bombing of Yugoslavia (Operation Allied Force), five U.S. Joint Direct Attack Munition guided bombs hit the People's Republic of China embassy in the Belgrade district of New Belgrade, killing three Chinese state media journalists and outraging the Chinese public. According to the U.S. government, the intention had been to bomb the nearby Yugoslav Federal Directorate for Supply and Procurement (FDSP). President Bill Clinton apologized for the bombing, stating it was an accident. Central Intelligence Agency (CIA) Director George Tenet testified before a congressional committee that the bombing was the only one in the campaign organized and directed by his agency, and that the CIA had identified the

wrong coordinates for a Yugoslav military target on the same street. The Chinese government issued a statement on the day of the bombing, stating that it was a "barbarian act".

Augusto José Ramón Pinochet Ugarte (25 November 1915 - 10 December 2006) was a Chilean general who ruled Chile from 1973 to 1990, first as the leader of the Military Junta of Chile from 1973 to 1981, being declared President of the Republic by the junta in 1974 and becoming the de facto dictator of Chile, and from 1981 to 1990 as de jure President after a new Constitution, which confirmed him in the office, was approved by a referendum in 1980.
